I. WELCOME

II. ACTION ITEMS

- a. Approval of April 16, 2015 Committee Minutes
Approved with the correction: funding changed to ATLAS (not refresh account).

III. DISCUSSION ITEMS

a. Campus Printing – Jeff E.

The current campus printing agreement will be coming to an end in November 2015. There are currently printers on almost every desk on campus (approximately 300 printers on campus). Jeff discussed the need to evaluate the current setup and the institutional effectiveness. Omar and Jeff have reached out to CISO and on the Listserv to ask how other college campuses are handling printing.

The I.T. department will need to go out for a RFP/RFQ but this can't be formulated without having an idea of what the campus wants to accomplish. The challenge for the RFP is time constraints. The next TPC committee meeting will be in Fall 2015. Jeff will take the proposal to Academic Senate and College Council.

b. Audio Visual – Jeff E.

Reviewed PowerPoint presentation on the Extron equipment in the #2700 building. The main differences between Crestron and Extron are Crestron is proprietary, Extron is not and Crestron is analog, and now we are moving to digital and touch panel. Audio Visual technician will be able to login remotely with an iPad to manage.

IV. ADJOURNMENT

Meeting adjourned 12:58 pm.
