

Objectives by Planning Unit and Status

Planning Year: 2018-2019,2016-2017,2017-2018

Planning Year: 2016-2017

Unit Code	Planning Unit	Unit Manager
22054	Computer Information Systems (CIS) & Multimedia Web Development	Martinez, Andres

Objective Status: In Progress

622	Improve Program Assessment Continue to develop and implement at least one assessment for a PLO.
623	Monitor updated Digital Design & Production Program Faculty are in the process of a revision of program name and content for the 2016-2017 school year. This revision is the direct result of changing industry standards and falling degree and certificate completion rates.

Planning Year: 2017-2018

Unit Code	Planning Unit	Unit Manager
22054	Computer Information Systems (CIS) & Multimedia Web Development	Martinez, Andres

Objective Status: In Progress

991	Update CIS program software Update our CIS course software to latest industry standard software. This includes updating our MS Office software to the latest version. We also need to be using Windows 10.
992	Update DDP course software Upgrade the Creative Suite to its current most updated version

Planning Year: 2018-2019

Unit Code	Planning Unit	Unit Manager
22054	Computer Information Systems (CIS) & Multimedia Web Development	Martinez, Andres

Objective Status: In Progress

1255	Update CIS program software Update our CIS course software to latest industry standard software. This includes updating our MS Office software to the latest version. We also need to be using Windows 10.
1256	Update DDP course software Upgrade the Creative Suite to its current most updated version

Objective Status: Initiated

1078 Continue Adobe CC Suite Licensing

By teaching the latest software version students will be able to complete work at home and at school without having to face capability issues. The newest version of the software also includes many new tools and skills that need to be learned by our students for real world application. By learning the latest version of the software it helps our students become better prepared for real world jobs for organizations that will be using the latest version of software.

The college needs to maintain it's CC licensing for our Digital Design and Production program. In order to teach the classes software is required. We need to make sure we have licensing for the software taught in the courses tied to our DDP program.
